

EDENPURESALE.COM

New Energy Tech Co

(www.NewEnergyTechCo.com)
is committed to finding and marketing
quality products that will improve the
health and wealth of it's customers.

Energy saving products are the next
frontier that we need to explore in light
of our current dependence on oil.

Our company is working with others
doing research and development of new
energy saving technologies and will be
offering exciting new products very
soon.

EdenPure™ and SunTwin™ Portable Quartz Infrared Heaters

- Perfect for homes, offices, and workshops!
- The **original** and ongoing leader in energy saving, warm heat!
- Heats a large room in minutes with even heat from wall to wall and floor to ceiling.
- Will not reduce humidity or oxygen like energy burning space heaters.
- Will not emit any type of fumes such as poisonous carbon monoxide.
- Will not emit harmful radiation

A major cause of residential fires in the United States is portable space heaters.

SAFE! EdenPure™ and Sun Twin® Stays cool to the touch!

No exposed elements that can burn your children or pets or cause a fire!

How do the EdenPURE SunTwin heaters work? These remarkable new advanced quartz infrared portable heaters can help cut your heating bills dramatically. These heaters have been known to pay for themselves in a matter of weeks. The mobility of these heaters allows you to heat whatever part of your house you like. The advanced space-age EdenPURE & SunTwin also heat the room evenly, wall-to-wall and floor-to-ceiling. Other heating sources heat rooms unevenly with most of the heat concentrated high in the room and to the center of the room. With our heaters, the temperature will not vary much in any part of the room. Room temperature is controlled by a thermostat which automatically turns the heater on and off as needed. The outside of these space heaters only gets warm to the touch so that it will not burn children or pets. Pets can sleep on it when it is operating without harm. This beautiful piece of furniture can also be used as an end-table. The SunTwin heater has a beautiful oak veneer cabinet which features high quality casters for easy mobility and on the back is a permanent (washable) air filter.
